Company Announcements Office
Australian Securities Exchange

New Appointment

Pacific Environment Limited ("PEL") is pleased to announce the appointment of Mr Damon Roddis as the General Manager for PAEHolmes (one of PEL's operating subsidiary companies), New South Wales. Damon was previously responsible for air consulting with ENVIRON in NSW and before that with Heggies Pty Ltd. Damon is well respected by clients, environmental regulators and competitors. PEL is very pleased to have someone of Damon's calibre added to its management team and looks forward to improved development of its NSW businesses under his management.

Yours Faithfully

PACIFIC ENVIRONMENT LIMITED

Dr. Merv Jones
Chairman

ABOUT PACIFIC ENVIRONMENT LIMITED

Pacific Environment Limited ("PEL" or "the Company") is an environmental consulting and technology company which is listed on the Australian Securities Exchange under the ASX code "PEH". PEL provides services in the areas of climate change and energy management; air emissions, air quality and environmental noise measurement; air quality and noise impact modelling and assessment; applied meteorology and climatology; toxicology, and real-time environmental management and forecasting systems. The Company's objective is to expand its environmental consultancy capacity through acquisition of specialist environmental companies and commercialisation of its intellectual property. In addition, PEL will increasingly look to broaden its suite of service offerings to deal with water, ecological and marine issues, and to grow internationally.
